EUGA 60-789, 2 May 1960 (Not Sent RE or COS/C)

1. For the statements made in reference, Salzburg Operations Base requests that EUGA prepare complete BT-8/"self-training" kits for all active GRGROOND W/T agents - a total of eight (8) kits. Three of the agents - GRREPAIR-15, GRREPAIR-17 and GRREPAIR-18 - have already been issued TRIX recorders and will be instructed to turn them over to EUGA at the times of their next training sessions. We have earmarked the two recorders given to EUGA on 21 April 1960 for issue to GRAVITY-X-4 and GRBLAID-21. This leaves three agents (GRIMPASTE, CRICE and GIVING) for whom recorders will have to be procured. We understand that the model TRIX we have been issuing is no longer manufactured and may not be available on the German market, but that there are other (more expensive) small tape recorders which can be substituted. We would prefer (and are sure EUGA will agree), for reasons of cover, security and cost, to make all possible efforts to obtain the "old model" TRIX, particularly in reference to GRIMPASTE. Considerations of purchasing cost put aside, CRICE and GIVING are sufficiently affluent to be able, if necessary, to cover the possession of an expensive "miniature" tape recorder. We request that EUGA procure three suitable tape recorders for issuance to the agents named, cost to be charged to GRGROOND and T/A'd to Vienna.

2. With reference to the problem of deterioration of the TRIX recorders, we should like to have an estimate of the rate of wear provided EUGA has been able to establish it. We should also like to know whether these recorders can be overhauled periodically and whether EUGA can perform this service.
